Abhay Chouhan

UI/UX Designer

📞 8827293838   ✉ abhaychouhan24.designs@gmail.com

SUMMARY

Proactive, dynamic, and creative UI/UX Designer with 5 years of experience in crafting engaging, innovative, and responsive interfaces for web and mobile applications. Skilled in utilizing industry-standard design tools and techniques to create user-centric solutions. Adept at collaborating with developers to ensure seamless design implementation. Known for delivering high-quality designs that enhance user experience, drive engagement, and contribute to business growth.

EXPERIENCE

Galaxy Weblinks LTD, Indore   *(March 2020 - Present)*
UI/UX Designer

Galaxy Weblinks is a custom web design and development company that offers services including hosting, enterprise solutions, back-end integration, mobile apps, and responsive web. My primary responsibilities as the UI/UX designer included:
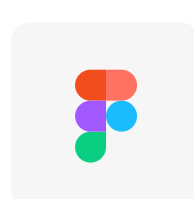

Role & Responsibilities:

- Conduct user research, usability testing, and analysis to refine designs.
- Gathering and evaluating user requirements in collaboration.
- Create wireframes, mockups, and prototypes using Sketch, Adobe XD, and Figma.
- Design web and mobile interfaces following best practices and brand guidelines.
- Optimize designs for performance, accessibility, and responsiveness across devices.
- Presenting design concepts to the project stakeholders for review and feedback.
- Working closely with the development team to implement the vision.
- Re-designing existing UIs to better adapt Android, and iOS devices and the web.
- Mentor junior designers to foster collaboration and innovation.
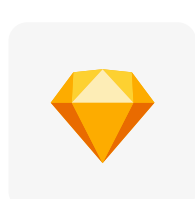

EDUCATION

UX/UI, & Web Design Diploma course from Silica Institute, Indore   *(2018-2020)*
Bachelor of Commerce from D.A.V.V. University, Indore (M.P)   *(2021-2023)*
